### **Prayer from the Ecumenical Cycle (the Balkans):**

Through a hole in the roof, O my God, I am trying to see you;  
trying to tell you that all your people are suffering,  
trying to ask you to bring peace,  
to please stop this awful killing and destruction,  
this murderous frenzy of nationalism!

### ST PHILIP'S HEARING LOOP

St Philip's will soon be trialing a hearing loop in the church. This is a device that enables people with hearing aids to hear more easily. Today many buildings and telephones are 'looped' i.e they have induction loop facilities for hearing impaired people who wear a hearing aid that is fitted with a T-switch (or telecoil). This T-switch on your aid may help you to hear speakers or programs more clearly, especially if there is background noise. To benefit from the hearing loop, people with hearing aids need to be sure the T-switch (or telecoil) in their aid has been activated. If you are unsure please visit your audiologist or hearing specialist and request their assistance. The option selected needs to be 'telecoil and microphone'.

If you would like any further details, please ask Rebecca.
